## Departmental and Program Assessment Annual Assessment Plan Report

Academic Year: 2009-10 Chair: Matthew Lopas

Academic Department, Program, General Education Unit: Art

**Student Assessment Plan (SAP) – Basic Check-list** – If your answers are "yes" a question in this section, no further explanation is necessary.

1. Is there a <u>current</u> assessment plan for your department, program, or general education component? Current implies that the department uses this SAP. It does not have to be rewritten unless your assessment plan has changed. It should be on the web at <a href="http://www.hendrix.edu/academics/academics.aspx?id=7264">http://www.hendrix.edu/academics/academics.aspx?id=7264</a>.

x yes no

If no, provide a timeline that will produce a plan by the end of the next academic year.

2. Does the current SAP include student learning goals? Departmental/programmatic/general education component student learning goals should be able to stand alone as a list without pages of explanatory commentary.

x yes no

If no, provide a timeline that will produce student learning goals by the end of the next academic year.

3. Does your SAP include a list of assessment data collected yearly? Assessment data lists should be able to stand alone without pages of explanatory commentary. Additionally, collected data should be of enough value to the department that it is read yearly. If not, it is probably not of sufficient use to collect.

x yes no

If no, provide a timeline that will produce an assessment data list by the end of the next academic year.

4. Are student learning goals available to students on the web on the departmental/programmatic page(s)?

yes x no

If no, provide a timeline that will produce student access to the learning goals by the end of the next academic year. provided a copy with this assessment form.

5.	Are student learning goals, appropriate for each course, included in the course syllabi in your department or program?	
	x yes no	
	If no, provide a timeline that will produce student learning goals by the end of the next academic year.	
6.	Does your SAP include direct assessments? "Direct" refers to evaluated student work.	
	x yes no	
	If no, provide a timeline that will produce a direct student assessment tool by the end of the next academic year.	
7.	Describe which indirect assessments in your assessment plan have been collected for the year and which have not. "Indirect" refers to student surveys, interviews, or opinions.	
	x yes no	
	If no, provide a timeline that will produce an indirect student assessment tool by the end of the next academic year.	
We conduct a survey of seniors every year.		
C.		
<b>Student Assessment Plan Development</b> - Departments and programs who have a complete and current SAP should consider the next step in SAP development. <i>This could easily be the annual action item for your department or program (next section #5).</i>		
1.	As a next step in SAP development, departments/programs are encouraged begin working on an assessment audit to determine how student learning goals fit across the courses in the major. This could be as complicated as a full grid of student learning goals, or a single learning goal, across the courses in the major. (This has not been required of departments, but it is a recommended next step when the SAP is up to date.)	
	yes x no	

If yes, please provide the results in either in prose or as a table.

Yearly Assessment Report – each department or program is expected to have assessment discussions

for at least two hours each academic year. Help is available from David Sutherland, just call or email.	
1.	What was your planned action item identified in your last report?
	We added a course in aesthetics.
2.	Briefly summarize the topics discussed in your annual assessment meeting. (If you have not met this year, why not and when do you plan to meet?)
	We will meet on May 4 <sup>th</sup> . We will discuss how the senior presentations went as a substitute for written exams.
3.	What was the conclusion of your assessment discussion and how did the collected assessment data inform your conclusion? Specifically describe any curricular or programmatic changes that have been made that were based, at least in part, on the data in your SAP.
4.	What are the plans for improving student learning in your unit?  See number 2.
5.	Define at least one new action item for your unit that will be a goal of your assessment discussions next year?
	We need to decide what is the best way to communicate to Juniors the expectations for seniors.
	(This action item could be to work on the SAP or on the assessment audit to correlate student learning goals with specific courses, described above. It can (and perhaps should) be a very limited item.)
